

AUSTRALIAN SECURITIES EXCHANGE ANNOUNCEMENT & MEDIA RELEASE

13 April 2010

Change of ASX Code and Name from 14 April 2010

Glengarry Resources Limited (ASX Code: GGY) advises that following shareholder approval for a change of name to **Centaurus Metals Limited** on 31 March 2010, ASIC and ASX have now completed the necessary registration procedures to effect the change of name.

From Wednesday, 14 April 2010 the Company will be trading under the ASX code of **CTM** and the name of Centaurus Metals Limited. Full details for the Company under the new name are set out in the attached Change of Name and address notification.

Glengarry's Managing Director, Mr Darren Gordon said the change of name represented the last formality of what had been a smooth and value-building merger process.

"We have in place a clear strategy to build a quality international mining company over the next three years with our focus remaining on Brazil which is well endowed from an iron ore perspective, has a large and well-established steel industry and will continue to allow us to meet our key objectives of achieving domestic supply of iron ore to the extensive Brazilian steel industry as well entering the export market."
